## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election without traverse of the group VI invention in the reply filed on December 19, 2006 is acknowledged. Claims 19 to 24, 28 and 29 therefore stand withdrawn from further consideration as being drawn to non-elected inventions.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 to 18 and 25 to 27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 1 and 25, there is no reference frame for "horizontally". The claims should recite which structure forms the reference frame to define the direction of motion of the main carriage.

Claims 1 to 18, 25 to 27 and 30 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are: the main carriage is recited in a structurally disconnected manner. There is no recitation that the main carriage is connected to the main chassis.

***Allowable Subject Matter***

Claims 1 to 18, 25 to 27 and 30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
